

CITY OF DAWSON CREEK
BUILDING INSPECTION DEPARTMENT

CURB CUT PERMIT

This permit is issued for properties which require driveway access over existing concrete, barrier-style, integral curb and gutter.

Property Address: _____
Owner's Name: _____
Phone Number: _____

The undersigned agrees, by signature, to undertake the works herein described in a manner consistent with City of Dawson Creek specifications.

All curb cuts to concrete, barrier-style, integral curb and gutter will be made horizontally with a concrete saw so that the driveway "lip" left intact will be $\pm 40\text{mm}$ ($1\frac{1}{2}$ "") above the gutter line. The ends of the "curb cut" will be cut diagonally on a 30° slope to the top of the curb.

The driveway width must not exceed 45% of your lot frontage up to a maximum of 9 meters.

If the "curb-cut" is proceeded with in any other manner, the section of curb and gutter affected – as determined by the City – will be removed and replaced at the Owner's expense, including any asphalt patching required.

Date: _____
