SECTION 1 ADMINISTRATION

ZONING BYLAW NO. 4115

A Bylaw of the Corporation of the City of Dawson Creek
(hereinafter called "the City") to regulate the use of lands
within the City of Dawson Creek.

WHEREAS, the Council, may, under the authority of the Local Government Act, create different zones and regulate uses, density, and siting within each zone;

NOW THEREFORE, the Council of the City of Dawson Creek enacts as follows:

1.1 Citation

This bylaw may be cited as "**THE CITY OF DAWSON CREEK ZONING BYLAW NO. 4115, 2011**" and takes effect as of the date of adoption.

1.2 Schedules

The following Schedules attached hereto are hereby made part of this bylaw:

- Schedule A – Zoning Bylaw Text
- Schedule B – Official Zoning Map
- Schedule C – Flood Boundary Map

1.3 Purpose

The purpose of this bylaw is to provide a clear and efficient framework for land use regulation and implementation of the Official Community Plan, which aims to:

1. Create a compact, complete community;
2. Develop an environmentally friendly, community-oriented transportation system;
3. Increase energy-efficiency and the use of renewable energy;
4. Use water responsibly and efficiently to ensure a clean and sustainable supply;
5. Re-use resources and decrease waste;
6. Enhance green space to support both community and ecological uses;
7. Encourage vibrant arts and culture;
8. Foster social well-being through health, housing, and education;
9. Ensure participation in an open and accountable government; and
10. Foster economic development that supports the community's goals.

1.4 Application

This bylaw applies to all of the land, surface of water, buildings and structures within the boundaries of the City of Dawson Creek.

1.5 Uses and Regulations

- 1.5.1 Uses, buildings and structures in each zone shall be in accordance with the uses listed in the zone and all appropriate bylaw regulations and other applicable requirements, except for the regulations and applicable requirements of development approved by and specific to a legal non-conforming use, development permit, development variance permit, or an order of the Board of Variance.

1.5.2 No land, building or structure shall be developed, used, constructed, erected, modified, converted, enlarged, reconstructed, altered, placed or maintained except in compliance with this bylaw.

1.6 Compliance with Other Legislation

1.6.1 In addition to this Bylaw, a person is responsible for ascertaining and complying with the requirements of all other applicable municipal bylaws, or Provincial or Federal statutes and regulations.

1.6.2 The requirements of the Development Permit Areas included within the Official Community Plan apply in addition to the regulations in this Bylaw.

1.7 Non-Conformity

1.7.1 Lawful non-conforming uses and buildings are subject to provisions of the *Local Government Act*.

1.8 Enforcement

1.8.1 Any person designated as a Bylaw Enforcement Officer pursuant to the City of Dawson Creek's Bylaw Enforcement Notice Bylaw or Dawson Creek's Municipal Ticket Information Bylaw is hereby authorized and empowered to enforce the provisions of this Bylaw by the Bylaw Notice Enforcement Bylaw No. 4277, 2016 as amended from time to time, or by the Municipal Ticket Information System Bylaw No. 4278, 2016 as amended from time to time.

1.8.2 No person shall do any act or suffer or permit any act to be done in contravention of this bylaw.

1.8.3 No person shall obstruct or impede a bylaw officer in lawful performance on any property, at all reasonable times, in order to ascertain whether such regulations are being observed as per Section 16 of the *Community Charter*.

1.8.4 Each day that an offence against this bylaw continues shall be deemed a separate and distinct offence.

1.8.5 A person who contravenes any provision of this bylaw is liable to a fine of not more than \$10,000.00 and not less than \$100.00 for each offence.

1.8.6 Any penalty imposed pursuant to this bylaw shall be in addition to, and not in substitute for, any other penalty or remedy imposed pursuant to any other applicable statute, law, or legislation."

1.9 Severability

If any provision of this bylaw is declared or held to be illegal, invalid, or ultra vires, in whole or in part, then the provision shall not apply and the remainder of this bylaw shall continue in full force and effect and be construed as if it had been enacted without the illegal, invalid, or ultra vires provision.

1.10 Previous Bylaws, Contracts and Agreements

1.10.1 Dawson Creek Zoning Bylaw No. 3362 and all amendments thereto are hereby repealed.

1.10.2 Zoning and Development Permit Fee and Procedure Bylaw No. 2123, 1980 is hereby repealed.

3.2 Location of Zones

3.2.1 The location of each zone is delineated, marked, and identified on Schedule B of this Bylaw.

3.3 Delineation of Zones

3.3.1 Where a zone boundary does not follow a legally defined parcel boundary, watercourse, or highway and where the distances are not specifically indicated, the location of the boundary shall be determined by scaling from the Zoning Map.

3.3.2 Where a zone boundary is shown on Schedule B as following a highway, rail right of way, or watercourse, the centreline of the highway, rail right of way or watercourse shall be the zone boundary.

SECTION 4 GENERAL REGULATIONS

4.1 Application

- 4.1.1 Except as otherwise specified in this Bylaw, Section 4 applies to all zones established under this Bylaw.

4.2 Uses Permitted in Required Setback Areas

- 4.2.1 No building, structure or portion thereof shall be located within a setback areas required in this Bylaw except the following:

- .1 sign;
- .2 fence;
- .3 swimming pool and tennis court without a roof provided that such pool or tennis court shall not be located between the front building line and the front parcel line;
- .4 eave, gutter, cornice, sill, belt course, bay window, chimney, or other similar feature provided that such projections do not exceed 1 m;
- .5 open porch, balcony, canopy, sunlight control projection or patio, deck or terrace without a roof provided that such projection does not exceed 50 % of the width of a required setback;
- .6 arbour, trellis, fish pond, ornament, and flag pole;
- .7 display yard and parking spaces provided that the display yard or parking spaces are not located within 1 m of any parcel line;
- .8 steps;
- .9 storage yard and loading spaces provided that the storage yard or loading spaces are not located between the front building line and the front parcel line;
- .10 public art;
- .11 community information board; and
- .12 street furniture or garbage receptacle.

4.3 General Location and Siting of Buildings or Structures

- 4.3.1 No principal or accessory buildings or structures shall be sited or located closer to the parcel line than the setbacks specified in this Bylaw.
- 4.3.2 A building shall not be sited straddling a parcel line, except for multiple-family dwellings where the party wall separating the two dwelling units is located on and parallel to an interior side parcel line.

4.4 Setback Exceptions

- 4.4.1 Where a parcel with a width less than the required minimum existed on the date of adoption of this Bylaw, exceptions to the applicable setback requirements of this Bylaw may be made in the following cases:
- a) On a parcel in an R Zone, the required setback from the side parcel line may be reduced to a minimum of 10% of the parcel width, provided that the minimum setback on any one side shall be not less than 1 m unless otherwise specified in the R-zone regulations of this Bylaw.
 - b) On a corner parcel in an R Zone, the required setback from the exterior side parcel line

may be reduced to a minimum width of 2 m provided that for every 1 m or part thereof reduction in required setback from the side parcel line, the required setback from the front parcel line shall be increased by 1 m or part thereof, unless otherwise specified in the R-zone regulations of this Bylaw.

- 4.4.2 Where the front parcel line of the site is not perpendicular to the side parcel lines of the site, the setback from the front parcel line may be computed by siting the building so that the mid-point of the building is 7.5 m from the front parcel line but in no case shall the setback from the front parcel line be less than 4 m.

4.5 Fences and Landscape Screens

- 4.5.1 Screening having a height of not less than 1.5 m shall be provided by the owner of a parcel which is located in a C Zone or an M Zone along all parcel boundaries that abut parcels designated in this bylaw as an R Zone. Screening materials can be any combination of evergreen plantings, wood or masonry material.
- 4.5.2 Screening required by this bylaw shall be provided by the owner of the parcel at the time of development of a use, building or structure on the parcel, and shall be constructed, erected, installed or planted prior to the issuance of an occupancy permit by the City.
- 4.5.3 Unless located in a lane, dumpsters shall be screened in the manner prescribed below:
- .1 Screening shall be a minimum height of 1.8 metres;
 - .2 All four (4) sides of the dumpster shall be screened;
 - .3 The screen should incorporate access to the dumpster by using a wood fence or other opaque device to serve as a gate; and
 - .4 Screening materials can be any combination of wood or masonry material.
- 4.5.4 The screening height shall be determined by measurement from the ground level at the average grade level within 1 m of both sides of the fence.
- 4.5.5 On any parcel used for residential purposes
- .1 a fence located in the setback between the front building line and the front parcel line shall not exceed 1.2 m in height; and
 - .2 a fence located in the setback between the front building line and the rear parcel line shall not exceed 2 m in height.

4.6 Height Exceptions

- 4.6.1 Any of the following structures may exceed the maximum height regulations of this bylaw:
- .1 dome or cupola;
 - .2 monument;
 - .3 chimney;
 - .4 spire;
 - .5 communications tower;
 - .6 water tower;
 - .7 storage silo;

- .8 mechanical appurtenance screened from view from the highway constituting not more than 10 percent of the total roof area of a building;
- .9 trellis, arbour, archway, and pergola;
- .10 solar panels; and
- .11 turbine used for the production of wind energy.

4.7 Utilities

4.7.1 Utilities other than office buildings and works yards are permitted in all zones.

4.8 Temporary Use Permits

4.8.1 All areas within the boundaries of the City of Dawson Creek are designated as an area for the issuance of temporary use permits.

4.9 Accessory Buildings

4.9.1 Accessory buildings shall comply with all of the following regulations:

- .1 on any parcel located in an R Zone, the total combined gross floor area of accessory buildings and accessory structures shall not exceed 72.5m² per dwelling.
- 2. no accessory building or structure shall be located within 1.5 m of any structure located on the same parcel.

4.10 Coach Houses and In-Law Suites

4.10.1 In this Bylaw, regulations applicable to “coach house” also apply to “in-law suites” unless specified otherwise.

4.10.2 In this section 4.10, “footprint” means the projected area of the extreme outer limits of a coach house including carports and enclosed or covered accessory building areas but excluding steps, eaves, and such other projections this Bylaw may allow.

4.10.3 The footprint of the coach house must not exceed 15% of the parcel area.

4.10.4 A coach house is only permitted if it is located within 90 m of a fire hydrant and is situated on a parcel that has at least 2 m unobstructed front access from the street at the front of the parcel or from an immediately flanking street.

4.10.5 The width of a site on which a coach house is situated must be at least 10 m.

4.10.6 The maximum height of a coach house, including a garage if one is situated on the parcel, may be no higher than 7.5 m.

4.10.7 The location of a coach house must be:

- .1 within 7.9 m of the rear parcel line;
- .2 at least 4.9 m from the single-family dwelling or single-family dwelling with secondary suite on the parcel;
- .3 at least 0.6 m from the rear parcel line; and

.4 a distance from each side parcel line equal to the required side yards for the parcel.

4.10.8 The floor area of a coach house must be at least 26 m².

4.10.9 Only one coach house, in-law suite or secondary suite will be permitted on a property where it is a permitted use.

4.10.10 Off street parking shall be provided in accordance with Table 5.1.

4.11 Attached Garage or Carport Part of Principal Building

4.11.1 A garage or a carport structurally integrated or securely nailed to a principal building is deemed to be a portion of the principal building.

4.12 Home Occupations

4.12.1 Home occupations shall comply with all of the following regulations:

- .1 no person shall be employed in a home occupation who is not a resident of the dwelling unit in which the home occupation is taking place;
- .2 the home occupation shall be conducted entirely within a dwelling unit or within an accessory building permitted by this bylaw provided that not more than 25% of the total floor area of the dwelling unit is occupied by the home occupation;
- .3 no sales other than the sale of goods produced on the premises shall be permitted;
- .4 the home occupation shall not be a delivery service, including but not limited to passenger delivery, parcel delivery or food delivery;
- .5 no outdoor storage of materials, containers or finished products shall be permitted;
- .6 there shall be no external display or advertisement other than an unlit sign not exceeding 0.25 m² in area, bearing only the name and occupation of the owner; and
- .7 off street parking shall be provided in accordance with Table 5.1.

4.13 Artist Studios and Residential Units Associated with Artist Studios

4.13.1 Where an artist studio is combined with a residential unit, the studio may only be used by the individuals permanently residing in the residential unit associated with, and forming an integral part of, the artist studio.

4.13.2 The maximum size for an Artist Studio combined with a residential unit shall be 500 m².

4.14 Bed and Breakfasts

4.14.1 Where expressly permitted in a zone, bed and breakfasts shall comply with the following regulations:

- .1 the bed and breakfast shall be located within the single family dwelling or duplex;
- .2 the operator of the bed and breakfast shall permanently reside in the same building as the bed and breakfast guests;
- .3 the maximum number of let bedrooms is 3, serving no more than 6 bed and breakfast guests at any one time;

- .4 there shall be no external display or advertisement other than an unlit sign not exceeding 0.25 m² in area;
- .5 one off-street parking space for each let room shall be provided;
- .6 off street-parking shall be provided in accordance with Table 5.1; and
- .7 anyone wishing to operate a bed and breakfast must obtain a business license.

4.15 Secondary Suites

4.15.1 Where expressly permitted in a zone, secondary suites shall comply with the following regulations:

- .1 secondary suite size shall be calculated in accordance with *British Columbia Building Code 2012* regulations, as amended from time to time.
- .2 a secondary suite shall be rented for periods not shorter than one month;
- .3 a secondary suite shall only be located within a building of residential occupancy containing a maximum of one other dwelling unit;
- .4 a secondary suite shall not be strata titled;
- .5 a secondary suite shall not be permitted where one or more of the following uses exist in the principal dwelling: rooming and boarding house; community care use; group residence; commercial daycare facility; bed and breakfast; rest home; and home occupation;
- .6 only one secondary suite, in law suite, or coach house will be permitted on a property.
- .7 Except in the CD-2 zone, secondary suites or in law suites are not permitted within duplexes; and
- .8 Off street parking shall be provided in accordance with Table 5.1

4.16 Flood Control Requirements

4.16.1 Notwithstanding any other regulations of this bylaw, no building or any part thereof shall be constructed, reconstructed, moved or extended, nor shall any manufactured home or unit, modular home or structure be located:

- .1 within the greater of 15 m of the natural boundary of Dawson Creek or within the floodway of Dawson Creek;
- .2 with the underside of the floor system or the top of any pad supporting any space or room, including a manufactured home, that is used for dwelling purposes, business or the storage of goods damageable by floodwater lower than:
 - (i) 1 m above the 1974 flood level; or
 - (ii) 1.5 m above the natural boundary of Dawson Creek; whichever is higher.

4.16.2 Where landfill is used to achieve the required elevation set out in Section 4.16.1.2 above, no portion of the landfill slope shall be within the setback distance required in Section 4.16.1.1 above and the face of the landfill slope shall be adequately protected against erosion from floodwaters.

4.16.3 Where due to the size, shape or location of a parcel of land, no usable site exists on the parcel for

the construction of a building or structure that would otherwise be permitted, the building or structure may be built or located on the parcel with such reduced siting provisions from adjacent watercourses as may be specified by a development variance permit. A development variance permit may be issued, on application of the owner of the land, following consultation with the Ministry of Environment, Lands and Parks as to recommended requirements for protection from flooding and erosion.

4.17 Metal Storage Containers

Metal storage containers are only permitted in Commercial or Industrial Zones under the following conditions:

- .1 Metal storage containers may not be placed prior to the issuance of a building permit.
- .2 Metal storage containers may not be stacked.
- .3 Metal storage containers shall be sited according to the siting regulations in the Commercial and Industrial Zones and shall not be located between the principal building and any street frontage, except a lane.
- .4 Metal storage containers shall not be located on a required parking space, on driveways or within fire lanes.
- .5 The maximum number of metal storage containers located on a parcel shall not exceed 1 for the first 0.4 ha or less of parcel area and 1 container per each full 0.4 ha of additional parcel area to a maximum of 10 per parcel.
- .6 Metal storage containers shall only be used to store materials or products that are incidental to the operation of the business or facility located on the parcel.
- .7 Notwithstanding the above, a metal storage container may be used as temporary storage during construction provided that a valid building permit has been issued authorizing the construction. The metal storage container must be removed upon completion of the construction.
- .8 No human habitation is permitted.

4.18 Cannabis Production, Distribution and Sale

4.18.1 No person shall use any land or building for the production, distribution or sale of cannabis, except:

- .1 The indoor or outdoor cultivation of up to four cannabis plants as a non-commercial accessory use of residential premises, in accordance with the *Cannabis Control and Licensing Act* (British Columbia);
- .2 The commercial cultivation of cannabis in the Agricultural Land Reserve as a designated farm use under s. 2(2.5) of the Agricultural Land Reserve Use, Subdivision and Procedure Regulation, provided that no cannabis plant is grown indoors or outdoors within 60 m of any zone in which any permitted principal use is residential;
- .3 The indoor commercial cultivation of cannabis outside the Agricultural Land Reserve in an A, M-2 or M-3 zone in which such use is expressly permitted by this Bylaw, provided that no cannabis plant is grown within 60 m of any zone in which any permitted principal use is

residential;

- .4 The retail sale of cannabis in a cannabis retail store in any zone in which such use is expressly permitted by this Bylaw, provided that the Council or its delegate has recommended the issuance of a provincial retail cannabis sales license for the premises under the *Cannabis Control and Licensing Act* (British Columbia) and that no part of the premises used for the display or sale of cannabis is located within 150 m of:
 - .1 Any park as defined in Parks Bylaw No. 4371, 2018;
 - .2 Any playing field;
 - .3 Any parcel on which a school or college is located;
 - .4 Any other premises used for the display or sale of cannabis;
 - .5 Any other premises for which a provincial retail cannabis sales license has been issued and remains in effect, whether or not the premises are in use; or
 - .6 Any other premises for which the Council or its delegate has recommended the issuance of a provincial retail cannabis sales license and a decision on a provincial retail sales license is pending.

SECTION 5 PARKING AND LOADING REGULATIONS

5.1 Parking or Storage of Commercial Vehicles, Trucks, Trailers, Boats or Equipment in Residential Zones

- 5.1.1 No person shall park or store a commercial vehicle, a truck, a dismantled or wrecked automobile, truck or vehicle, a boat, a trailer or construction equipment outside of a building in an R Zone except:
- .1 one operating and licensed truck or commercial vehicle not exceeding 4,000 kg gross vehicle weight;
 - .2 trucks, commercial vehicles or equipment temporarily required for the ongoing construction, repair and servicing or maintenance of the premises;
 - .3 any dismantled or wrecked vehicle for a period of not more than 15 successive days;
 - .4 one boat or vessel not exceeding a centreline length of 11 m;
 - .5 one recreational vehicle not exceeding a body length of 14 m; and
 - .6 one tow truck that is permitted under the Tow Truck Parking Bylaw No. 4279, 2015 as amended from time to time.

5.2 Parking and Loading Spaces

- 5.2.1 Space for the off-street parking and loading of motor vehicles in respect of a class of building permitted under this bylaw shall be provided and maintained in accordance with the regulations of Section 5 of this Bylaw.

5.3 Exemption of Downtown Area and C-2 Zones from Parking and Loading Requirements

- 5.3.1 Parcels within the area delineated in Figure 5.1 “Downtown Parking and Loading Exemption Area” are exempted from providing parking and loading spaces contained in this section.
- 5.3.2 Commercial uses within the C-2 and C-2A Zones may be exempted from providing off-street parking spaces contained in this section provided that the required parking as per Table 5.1 is fewer than five.
- 5.3.3 Required off-street parking spaces as per Table 5.1 may be reduced by four within C-2 and C-2A Zones.

5.4 Exemption of Existing Buildings from Parking and Loading Requirements

- 5.4.1 The regulations contained in this section do not apply to buildings, structures and uses existing as of the date of adoption of this Bylaw provided that off-street parking and loading spaces existing at the time of adoption of this Bylaw shall be maintained in accordance with this section for any addition to an existing building and structure or change or addition to the existing use after adoption of this Bylaw.

5.5 Number of Parking and Loading Spaces

- 5.5.1 The minimum number of required off-street parking, handicapped off-street parking, loading spaces, and bicycle parking spaces shall be calculated as follows:

- .1 the minimum number of off-street parking spaces permitted for a class of building is calculated according to Table 5.1 and Table 5.3 of this Bylaw.
- .2 the minimum required number of off-street loading spaces for motor vehicles required for a class of building is calculated according to Table 5.2 of this Bylaw.
- .3 in respect to a class of building permitted under this bylaw which is not specifically referred to in Column I of Table 5.1, the number of off-street parking and loading spaces is calculated on the basis of the requirements for the most similar class of building that is listed in Table 5.1.
- .4 excluding required handicapped parking spaces, where the calculation of the required off-street parking space results in a fraction, one parking space may not be provided in respect of the fraction, excluding required handicapped parking.
- .5 where seating accommodation is the basis for a unit of measurement under this section and consists of benches, pews, booths or similar seating accommodation each one half metre of width of such seating shall be deemed to be one seat.
- .6 the required number of bicycle parking spaces are referred to in Table 5.3.

5.6 Location

5.6.1 The location of required off-street parking shall be as follows:

- .1 off-street parking and loading spaces for residential uses in an R Zone must be located on the same parcel or, only in the case of multi-family buildings and excluding disability parking, located on another parcel within 40 m of the building served, provided the owner of the parcel on which the off-site parking is located grants an easement, registrable under the *Land Title Act*, to the City restricting the use of the parcel, in whole or in part, to public off street parking.
- .2 off-street parking space for classes of buildings other than residential buildings may be located on parcels other than the parcel containing the building it serves provided the off-street parking space is located within 120 m of the building it serves and the owner of the parcel on which the off-site parking is located grants an easement, registrable under the *Land Title Act*, to the City restricting the use of the parcel, in whole or in part, to off street parking. Parking may be shared with other uses.
- .3 notwithstanding the provisions of Section 5.6.1.2 above, off-street parking space for a building sited on a parcel designated C-2 and C-2A may be shared with other uses and at the option of the owner or occupier, be:
 - .1 provided on the same parcel as the building it services;
 - .2 located on parcels other than the parcel containing the building it services provided the off-street parking space is located within 250 m of the building it services provided that the owner of the parcel on which the parking is to be provided grants an easement, registrable under the *Land Title Act*, to the City restricting the use of the parcel, in whole or in part, to public off street parking; and

- .3 provided through a cash-in-lieu payment in the amount of \$5,500 per parking space for that class of building, payable to the city for the provision of new and maintenance of existing public off-street parking facilities.

5.7 Loading Space

- 5.7.1 Required off-street loading spaces must be located on the same parcel as the building it serves.

STANDARDS

5.8 Dimensions of Parking Spaces

- 5.8.1 Each off-street parking space required by this bylaw shall not be less than 2.7 m wide and 5.5 m long and must not have a vertical clearance less than 2.2 m.

5.9 Access to Parking Spaces

- 5.9.1 Adequate provision shall be made for individual ingress or egress by vehicles to all parking spaces at all times by means of unobstructed manoeuvring aisles, having widths not less than:
 - .1 7 m where parking space lengths are situated at an angle between 61° and 90° to the manoeuvring aisle;
 - .2 5.0 m where parking space lengths are stipulated at an angle between 46° and 60° to the manoeuvring aisle; or
 - .3 3.5 m where the parking space lengths are situated at an angle 45° or less to the manoeuvring aisle.
- 5.9.2 A required parking space may not be blocked from the street or lane by a tandem parking space.

5.10 Dimensions of Loading Spaces

- 5.10.1 Each off-street loading space required by this bylaw shall not be less than 9 m long, 3.7 m wide or have a vertical clearance of less than 3.7 m.

5.11 Surfacing and Grading of Off-Street parking and Loading Spaces

- 5.11.1 .1 All off-street parking and loading spaces and access aisles shall be surfaced with permeable paving if feasible or an asphalt, concrete or similar pavement so as to provide a surface that is durable and dust free and shall be so graded and drained as to properly dispose of all water in accordance with the standards of the City. In no case shall drainage be allowed to cross sidewalks or public rights-of-way including streets and lanes and be connected to municipal storm drainage system if adjacent to the subject site. All parking spaces that abut a landscaped area shall be bordered by a curb or wheel stop.
- .2 Notwithstanding Section 5.11.1.1, in all commercial zones and the M-1 zone, a parking area with four or more parking spaces shall be surfaced with permeable paving if feasible or asphalt, concrete, or brick pavers.

5.12 Handicapped Parking Spaces

5.12.1 A portion of the required parking spaces shall be provided for the physically handicapped in accordance with the following table:

Total Minimum Required Spaces (as per Table 5.1)	Required Spaces for Handicapped Parking
20 – 75	2
76 – 125	4
126 – 200	6
Over 200	4 spaces plus one for any 100 required spaces or fraction thereof in excess of 200

5.13 Lighting

5.13.1 Every parking area must have a minimum maintained lighting of at least zero point five (0.5) foot candles throughout.

5.14 Lighting Direction

5.14.1 All lighting used to illuminate parking areas shall be certified “Dark Sky Friendly” so arranged as to prevent direct rays of light from shining onto adjacent parcel or street.

5.15 Layout

5.15.1 Where parking spaces are provided, whether covered or uncovered, they must be so designed that vehicles are not required to back onto a street.
