BYLAW NO. 4526

A bylaw of the Corporation of the City of Dawson Creek (hereinafter called "The City") to authorize an automated vote counting system and procedure.

NOW THEREFORE, the Council of the City of Dawson Creek in open meeting assembled enacts as follows:

SECTION 1 - CITATION

1.1 This Bylaw may be cited as **"AUTOMATED VOTE COUNTING SYSTEM AUTHORIZATION AND PROCEDURE BYLAW NO. 4526, 2022"**.

SECTION 2 - DEFINITIONS

2.1 In this Bylaw the following words and terms have the following meanings assigned to them:

"Acceptable mark" means a completed marked which the **vote counting unit** is able to identify, which has been made by an elector in the space provided on the **ballot** opposite the name of any candidate or opposite either 'yes' or 'no' on any other voting question. **"Board"** means the Board of Trustees;

"Automated vote counting system" means a system that counts and records votes, and processes and stores election or any voting results which comprises:

- (a) a number of **ballot scan vote counting units**, each of which rests on a two-compartment **ballot** box, one compartment of which is for:
 - (i) voted **ballots**; and
 - (ii) returned **ballots** which have been reinserted using the **ballot override procedure**;
 - (iii) and the other compartment is for the temporary storage of voted **ballots** during such time as the **vote counting unit** is not functioning; and
- (b) a number of **emergency ballot compartments** into which voted **ballots** are deposited where a **vote counting unit** is not functioning or being used which will therefore be counted after the close of voting on general voting day.

"Ballot" means a single **ballot** card designed for use in an **automated vote counting system**, which shows:

- (a) the names of all of the candidates for each of the offices to be filled; and
- (b) all of the choices on all of the bylaws or other matters on which the opinion or assent of the electors is sought.

"Ballot return override procedure" means the use, by an election official, of a device on a **vote counting unit**, which causes the unit to accept a **returned ballot**.

"Election headquarters" means City of Dawson Creek, City Hall, 10105 – 12A Street, P.O. Box 150, Dawson Creek, BC, V1G 4G4.

“Emergency ballot compartment” means a designated compartment in the **ballot** box under each vote counting unit into which voted **ballots** are temporarily deposited in the event that the unit ceases to function.

“Memory pack” means a computer software cartridge which is inserted into the **vote counting unit** and into which is pre-programmed the names of all the candidates for each of the offices to be filled, and the alternatives of “yes” or “no” for each question on the **ballot**, and which records and retains information on the number of acceptable marks made for each.

“Portable ballot box” means a **ballot** box, for use in the election as a voting place where a **vote counting unit** is not being used or is not functioning at the time of voting.

“Results tape” means the printed record generated from a **vote counting unit** at the close of voting on general voting day, which shows the number of votes for each candidate for each of the offices to be filled, and the number of votes for and against each bylaw or other matters on which the opinion or assent of the electors is sought.

“Returned ballot” means a voted **ballot** which was inserted into the **vote counting unit**, but which was not accepted, and which was returned to the elector with an explanation of the **ballot** marking error which caused the **ballot** not to be accepted.

“Secrecy sleeve” means an open-ended folder or envelope used to cover **ballots** to conceal the choices made by each elector.

“Vote counting unit” means the device into which voted **ballots** are inserted and which scans each **ballot** and records the number of votes for each candidate and for and against each question on which the opinion or assent of the electors is sought.

SECTION 3 – USE OF VOTING MACHINES

- 3.1 The Chief Election Officer may use an **automated vote counting system** for the conduct of elections and voting on bylaws or other matters on which the opinion or assent of the electors is sought.

SECTION 4 – AUTOMATED VOTING PROCEDURES

- 4.1 The presiding election official for each voting place shall offer, and if requested, ensure that a demonstration of how to vote using a **vote counting unit** is provided to an elector as soon as such elector enters the voting place and before a **ballot** is issued.
- 4.2 Upon completion of the voting demonstration, if any, the elector shall proceed as instructed, to the election official responsible for issuing **ballots**, who, upon fulfilment of the requirements of the *Local Government Act*, shall then provide a **ballot** to the elector, a **secrecy sleeve** if requested by the elector, the **ballot** marking instrument, and any further instructions the elector requests.
- 4.3 Upon receiving a **ballot** the elector shall immediately proceed to a voting compartment to vote.
- 4.4 The elector may vote only by making an **acceptable mark** on the **ballot**:
- (a) beside the name of each candidate of choice, up to the maximum number of candidates to be elected for each of the offices to be filled; and
 - (b) beside either ‘yes’ or ‘no’ in the case of each bylaw or other matter on which the assent or opinion of the electors is sought.

- 4.5 Once the elector has finished marking the **ballot**, the elector must either place the **ballot** into the **secrecy sleeve**, if one has been requested, or turn the **ballot** upside down and proceed to the **vote counting unit**, and under the supervision of the election official in attendance, insert the **ballot** directly from the **secrecy sleeve**, if applicable, into the **vote counting unit** without the **acceptable marks** on the **ballot** being exposed.
- 4.6 If, before inserting the **ballot** into the **vote counting unit**, an elector determines that a mistake has been made when marking the **ballot**, or if the **ballot** is returned by the **vote counting unit**, the elector may return to the voting compartment to correct the **ballot** or request a replacement **ballot** by informing the election official in attendance.
- 4.7 Upon being informed of the replacement **ballot** request, the presiding election official shall issue a replacement **ballot** to the elector and mark the **returned ballot** “spoiled” and shall retain all such spoiled **ballots** separately from all other **ballots**, and they shall not be counted.
- 4.8 If the elector declines the opportunity to obtain a replacement **ballot** and has not damaged the **ballot** to the extent that it cannot be reinserted into the **vote counting unit**, the election official shall, using the **ballot return override procedure**, reinsert the **returned ballot** into the **vote counting unit** to count any **acceptable marks** which have been made correctly.
- 4.9 Any **ballot** counted by the **vote counting unit** is valid and any **acceptable marks** contained on such **ballots** will be counted, subject to any determination made under a judicial recount.
- 4.10 Once the **ballot** has been inserted into the **vote counting unit** and the unit indicates that the **ballot** has been accepted, the elector must immediately leave the voting place.
- 4.11 During any period that a **vote counting unit** is not functioning, the election official supervising the unit shall direct electors to insert their **ballots** into the **emergency ballot compartment**, on the understanding that if the **vote counting unit**:
- (a) becomes operational, or
 - (b) is replaced with another **vote counting unit**,
- the **ballots** in the **emergency ballot compartment** shall, as soon as reasonably possible, be removed by an election official and, under the supervision of the presiding election official, shall be inserted into the **vote counting unit** to be counted.
- 4.12 Any **ballots** which were temporarily stored in the **portable ballot box** or **emergency ballot compartment** during a period when the **vote counting unit** was not functioning, which are returned by the **vote counting unit** when being counted shall, through the use of the **ballot return override procedure** and under the supervision of the presiding election official, be reinserted into the **vote counting unit** to ensure that any **acceptable marks** are counted.

SECTION 5 – ADVANCE VOTING OPPORTUNITY PROCEDURES

 - (c) the **ballot** boxes used are sealed to prevent insertion of additional **ballots**;
 - (d) the **results tapes** in the **vote counting unit** are not generated; and
 - (e) the **memory pack** of the **vote counting unit** is secured.
- 5.3 At the close of voting at the final advance voting opportunity, the presiding election official shall:
- (a) ensure that any remaining **ballots** in the **emergency ballot compartment** and/or the **portable ballot box** are inserted into the **vote counting unit**;
 - (b) secure the **vote counting unit** so that no more **ballots** can be inserted; and
 - (c) deliver the **vote counting unit** together with the **memory pack** and all other materials used in the election to the Chief Election Officer at **election headquarters**.

- 6.1 Unless the Chief Election Officer determines it is practical to use a **vote counting unit**, a **portable ballot box**, shall be used for all special voting opportunities. The presiding election official appointed to attend at each special voting opportunity shall proceed in accordance with Part 4 of this Bylaw as far as applicable, except that the voted **ballots** shall be deposited into the **portable ballot box** supplied by the presiding election official.
- 6.2 The presiding election official at a special voting opportunity shall ensure that the **portable ballot box** is secured when not in use and at the close of voting at the final special voting opportunity, the presiding election official shall seal the **portable ballot box** and return it together with all other election materials to the custody of the Chief Election Officer.
- 6.3 If a **vote counting unit** is in use at a special voting opportunity, the presiding election official appointed to attend the special voting opportunity shall follow the procedures outlined in Part 5 of this Bylaw as if it were an advance voting opportunity.
